POPUP BANNER WALL W/METAL FRAME

• 118.5" × 89.5"

WITH ENDCAP (optional) (145.5 " X 89.5")

If you want your image to wrap around the sides to hide the metal frame, then you'd extend your images past this mark

CUT LINE (118.5" X 89.5")

This is where the edges of the front of your image will sit.

\bigcirc

Image

Artwork should be a vector PDF or images at 300dpi to avoid pixelated images. Please don't forget to embed all images.

Set your colour profile as CMYK instead of RGB, which cannot always be replicated. We **cannot** be responsible for variances in final printed colours. Printed samples are available at an additional cost.

Any Questions?

Save File as PDF

Save files as PDF or AI (Adobe Illustrator) files. Please outline all fonts and delete guidelines!

Additional Files

Please provide all font files and original image files if any editing is required. All PDF images must be embedded in the document.
