

## CANVAS

• 12" x 18"

### BLEED AREA (14.25" X 20.25")

Make your artboard at this size. Make sure your background extends to fill the whole bleed area to avoid white edges!

### FRAME SIZE (12" X 18")

This is where the edges of the front of your image will sit.

### Image

Artwork should be a vector PDF or images at 300dpi to avoid pixelated images. Please don't forget to embed all images.

### Save File as PDF

Save files as PDF or AI (Adobe Illustrator) files.

**Please outline all fonts and delete guidelines!**

### Colour

Set your colour profile as CMYK instead of RGB, which cannot always be replicated. We **cannot** be responsible for variances in final printed colours. Printed samples are available at an additional cost.

### Additional Files

Please provide all font files and original image files if any editing is required. All PDF images must be embedded in the document.
