### **TABLECLOTH** • 132" X 68" 3 SIDED

### BLEED AREA (135" X 71")

Make your artboard at this size. Make sure your background extends to fill the whole bleed area to avoid white edges!

### HEM LINE (132" X 68")

This is the lower edge of the table cloth that will be folded over.

### SAFE AREA SECTIONS

Make sure important aspects of your design like text and logos are inside the safe area to avoid being cut off.

### Image

Artwork should be a vector PDF or images at 300dpi to avoid pixelated images. Please don't forget to embed all images.

### Colour

Set your colour profile as CMYK instead of RGB, which cannot always be replicated. We **cannot** be responsible for variances in final printed colours. Printed samples are available at an additional cost.

### Save File as PDF

Save files as PDF or AI (Adobe Illustrator) files. Please outline all fonts and delete guidelines!

### Additional Files

Please provide all font files and original image files if any editing is required. All PDF images must be embedded in the document.
