

## SQUARE STICKER

• 3" x 3"

### BLEED AREA (3.125" X 3.125")

Make your artboard at this size. Make sure your background extends to fill the whole bleed area to avoid white edges!

### CUT LINE (3" X 3")

This is where we aim to cut in production.

### SAFE AREA (2.85" X 2.85")

Make sure important aspects of your design like text and logos are inside the safe area to avoid being cut off.

### Image

Artwork should be a vector PDF or images at 300dpi to avoid pixelated images. Please don't forget to embed all images.

### Save File as PDF

Save files as PDF or AI (Adobe Illustrator) files.

**Please outline all fonts and delete guidelines!**

### Colour

Set your colour profile as CMYK instead of RGB, which cannot always be replicated. We **cannot** be responsible for variances in final printed colours. Printed samples are available at an additional cost.

### Additional Files

Please provide all font files and original image files if any editing is required. All PDF images must be embedded in the document.

## Any Questions?

The image features a white square centered on a light blue background. The square is enclosed by two borders: a solid red line on the outside and a dashed blue line on the inside. The text "ACTUAL SIZE" is printed in a bold, black, sans-serif font in the center of the white square.

**ACTUAL SIZE**
