

## TABLE RUNNER

• **48" X 84"**

### BLEED AREA (51" X 87")

Make your artboard at this size. Make sure your background extends to fill the whole bleed area to avoid white edges!

### HEM LINE (48" X 84")

This is the lower edge of the table runner that will be folded over.

### SAFE AREA SECTIONS

Make sure important aspects of your design like text and logos are inside the safe area to avoid being cut off.

### ✓ Image

Artwork should be a vector PDF or images at 300dpi to avoid pixelated images. Please don't forget to embed all images.

### ✓ Colour

Set your colour profile as CMYK instead of RGB, which cannot always be replicated. We **cannot** be responsible for variances in final printed colours. Printed samples are available at an additional cost.

### ✓ Save File as PDF

Save files as PDF or AI (Adobe Illustrator) files.  
**Please outline all fonts and delete guidelines!**

### ✓ Additional Files

Please provide all font files and original image files if any editing is required. All PDF images must be embedded in the document.
