

## COPIES FOR 8.5" X 11"

### Image

Artwork should be a vector PDF or images at 300dpi to avoid pixelated images. Please don't forget to embed all images.

### Colour

Set your colour profile as CMYK instead of RGB, which cannot always be replicated. We **cannot** be responsible for variances in final printed colours. Printed samples are available at an additional cost.

### Save File as PDF

Save files as PDF or AI (Adobe Illustrator) files.  
**Please outline all fonts and delete guidelines!**

### Additional Files

Please provide all font files and original image files if any editing is required. All PDF images must be embedded in the document.

### Bleed area

Full bleed printing is not available for copies.
